CERTIFIED PUBLIC  
ACCOUNTANTS  
AND CONSULTANTS

To the Shareholders of  
BROWN ARMSTRONG PAULDEN McCOWN  
STARBUCK AND KEETER, A.C.  
and the Center for Public Company Audit Firms Peer Review Committee

We have reviewed the system of quality control for the accounting and auditing practice of Brown Armstrong Paulden McCown Starbuck and Keeter, A.C. (the firm) applicable to non-SEC issuers in effect for the year ended October 31, 2005. The firm's accounting and auditing practice applicable to SEC issuers was not reviewed by us since the Public Company Accounting Oversight Board (PCAOB) is responsible for inspecting that portion of the firm's accounting and auditing practice in accordance with PCAOB requirements. A system of quality control encompasses the firm's organizational structure and the policies adopted and procedures established to provide it with reasonable assurance of complying with professional standards. The elements of quality control are described in the Statements on Quality Control Standards issued by the American Institute of Certified Public Accountants (the AICPA). The design of the system, and compliance with it, are the responsibilities of the firm. Our responsibility is to express an opinion on the design of the system, and the firm's compliance with that system based on our review.

Our review was conducted in accordance with standards established by the Peer Review Committee of the Center for Public Company Audit Firms and included procedures to plan and perform the review that are summarized in the attached description of the peer review process. Our review would not necessarily disclose all weaknesses in the system of quality control or all instances of lack of compliance with it since it was based on selective tests. Because there are inherent limitations in the effectiveness of any system of quality control, departures from the system may occur and not be detected. Also, projection of any evaluation of a system of quality control to future periods is subject to the risk that the system of quality control may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, the system of quality control for the accounting and auditing practice applicable to non-SEC issuers of Brown Armstrong Paulden McCown Starbuck and Keeter, A.C. in effect for the year ended October 31, 2005, has been designed to meet the requirements of the quality control standards for an accounting and auditing practice established by the AICPA, and was complied with during the year then ended to provide the firm with reasonable assurance of complying with professional standards.

As is customary in a peer review, we have issued a letter under this date that sets forth comments relating to certain policies and procedures or compliance with them. The matters described in the letter were not considered to be of sufficient significance to affect the opinion expressed in this report.
